Unitis Conatibus Omnes Prosperantur

(with united efforts, we all prosper)

Rural Resilience Hub in Fairfield, Iowa

Golden Magnolia Sanctuary is a rural resilience hub grounded in community ownership, connectivity, and skill sharing. We are a safe space for community members to find sanctuary from hunger, foster creative connections, hold events, & play.

A community supported space for all.

Golden Magnolia Sanctuary

Our non-profit relies on community support to operate. Currently, we are an entirely volunteer run effort but we have goals to be able to fund a full-time Executive Director by the end of 2024 to be able to expand our programming. We have grand visions for how we can continue to build resilience, but we need your support.

Stone Soup Community Kitchen

Stone Soup Community Kitchen is a community supported plant-based kitchen that creates a way for the community to provide nutritious meals for its members in need. Those who can support the kitchen's efforts will pay-what-you-may and those who need nourishment support will receive it. We work with the local food systems to rescue food waste and improve the quality of life of those we serve.

We serve dinner from 5:30-8PM every Thursday, Friday, and Saturday. Join us for a meal and “pay-what-you-may”

Volunteer!
