Learn more with less stress

Why is the *block system* so popular with our students?

1. At MIU you never juggle 4-5 classes and homework at once.
2. On-campus students take just one course per month, while online students take just 1-2 courses at a time. This is the block system.
3. The block system allows you to easily learn more with less stress. And there's no finals week!
