TRANSCENDENTAL MEDITATION

*So, TM is effortless and evidence-based.
But what happens when you meditate?*

How is MIU
radically

- All of our students and faculty learn the Transcendental Meditation® (TM®) technique for personal growth.

- TM is a simple, natural technique practiced 20 minutes twice each day while sitting comfortably with the eyes closed.
- Over six million people have learned it — people of all ages, cultures, religions, and walks of life.

How is it different?

Absolutely effortless

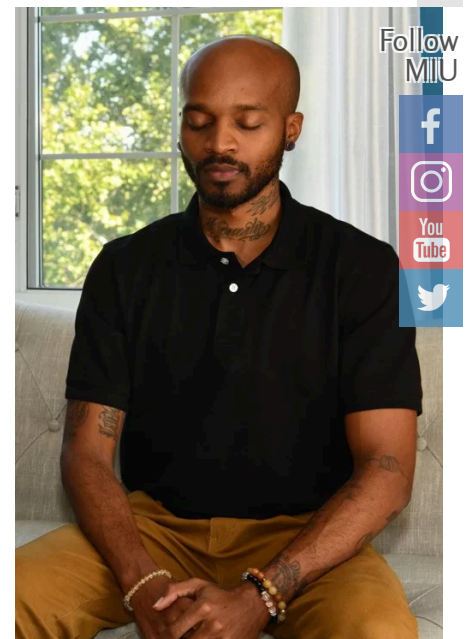

1. No trying to “empty the mind”
2. No mindfulness (monitoring of thoughts)
3. No concentrating
4. No control of the mind

Evidence-based benefits

Hundreds of published [research studies](#) have found the TM technique to boost learning ability and creativity, improve brain functioning, and reduce stress and anxiety.

Personalized one-on-one instruction

The TM technique is not “one size fits all.” It’s taught one-on-one and is carefully personalized for you. Only certified TM teachers can instruct you in the authentic TM technique.

Before your first class

All MIU students practice the Transcendental Meditation® technique. If you have not learned it yet:

- Once accepted as a US student, the cost of TM instruction is covered through a grant offered by MIU
- Contact your admissions counselor for details
- Find information on the TM technique or search for a TM teacher at [TM.org](https://www.tm.org)
