Block System: Immersive Learning at MIU

Learn more with less stress

At MIU you’re **never** juggling 4-5 classes, homework, and finals at once. On-campus students take just one course per month in our block system, while online students are immersed in just 1-2 courses at a time.

This is immensely popular with our students because they naturally learn more, and it eliminates the stress of studying multiple subjects at once. And there’s never a finals week!

MIU	Other colleges
You learn more with less stress	You frequently feel stressed from all the homework and exams from multiple classes
You easily go deeper into the knowledge of each subject	You scatter your attention over 4-5 subjects at once
Each subject allows ample time for active and collaborative learning	Each subject is restricted by the limited time available
On-campus students get a 3-day weekend each month with no classes or homework	Coursework is always hanging over your head — all semester long

Open curriculum for

undergraduates

Enjoy the freedom and support to shape your educational journey according to your passions, interests, and career aspirations. Aside from two courses that all students take, MIU's open curriculum has no required core curriculum, no general education requirements, and no distribution requirements.
