

BOARDING & RESIDENTIAL LIFE

Emphasizing holistic development through a rigorous college-preparatory curriculum

Our program emphasizes holistic development through a rigorous college-preparatory curriculum, a healthy lifestyle, and twice-daily meditation and yoga to support our students' ability to manage stress in a dynamic, ever-changing world.

Niche #1 in Iowa for boarding and nationally (top 7%) for 8 years strong!

We offer a nurturing, structured environment that is designed to support your academic and personal growth. Our program emphasizes holistic development through Transcendental Meditation, a rigorous college-preparatory curriculum, and a healthy lifestyle. Students enjoy a close-knit community, engaging extracurricular activities, and comfortable dormitory living. We prioritize individual attention, fostering independence and responsibility within a safe, supportive setting. Our goal is to prepare you for success in college and beyond, cultivating well-rounded individuals ready to contribute positively to the world.

OUR CAMPUS

Student Activities

Maharishi School's vibrant dorm life builds lasting bonds through shared experiences. Our dorm is also a social hub offering diverse activities including: farm-to-table dining, meditation, eSports, and trips. Personalized dorms with amenities like a media room and study areas promote comfort. Dorm counselors provide support, fostering connections with teachers and peers. It's a supportive community, extending beyond academics, where students thrive.

Fostering Belonging

Maharishi School's diverse community from 30+ countries provides a supportive, family-like environment for boarding students (grades 9-12). Dorm staff offer supervision, activities, and guidance. Students live in residential dorms. The school prioritizes student safety and well-being, fostering a sense of belonging in a global family.

ELL Program

Our ELL program is designed to meet a wide range of student needs. Recognizing that students need different forms of support, from vocabulary development to comprehending complex texts to preparing papers for submission to science competitions, teachers provide ongoing evaluation of student English language strengths and weaknesses. The primary focus of our ELL program is to help them develop competence in every aspect of the English language—speaking, listening, reading and writing—to match their overall academic prowess.

Community

Maharishi School fosters purpose by merging passions with global service. Community service, a core value, teaches responsibility and giving back. Upper School students complete a minimum of 10 hours of community service annually, often exceeding this requirement. Partnerships with organizations like Rotary International and Sierra Club, provide opportunities. Students gain leadership skills, receive mentorship, and contribute to local and environmental projects. This integrates personal growth with a mission to serve the world, shaping responsible, globally-minded individuals.

Study Hours

Maharishi School enforces strict study hours, Sunday-Thursday, 7:30-10 PM, prioritizing quiet and focus. Cell phones, TV, games, and socializing are prohibited until homework is finished. Students may study in their rooms, but those needing academic support must attend a supervised study hall. This ensures a dedicated time for academic work, minimizing distractions and promoting effective learning. The structured environment aims to maximize student productivity and academic success during these designated hours.

Meals

Maharishi School emphasizes nutrition for learning, providing organic, vegetarian, and non-vegetarian lunches on most school days. Dorm meals include poultry and seafood, with vegan options available upon request. Students receive a weekly allowance for weekend dinners. Clean, neat attire is required in the dining area; pajamas are prohibited. Breakfast is self-serve in the dorm, while weekday lunches are in the school cafeteria, and weekend lunches are catered in the dorm. Chef-prepared vegetarian and non-vegetarian dinners are served Sunday through Thursday.

Boarding FAQs

Medical & Health

All prescription medication must be turned in to the Residential Life staff. A member of the Residential Life staff will be responsible for distributing prescription medication as needed in consultation with the student's parents and medical practitioner. All over-the-counter medications (e.g., Tylenol and Advil) and dietary/athletic supplements must first be cleared with the Residential Life staff.

Each dorm student will have one session with the school's mental health professional early in the school year to address any concerns or needs. Additional sessions can be scheduled if needed or requested by the student. Student mental health concerns should be immediately reported to the Residential Life staff.
