LEGACY DONORS

Alumni Giving

Our alumni continue to bring back to the School inspiring stories of their success in life. We thank you for your continuing extraordinary generosity and support in all areas of the life of our School. We look forward to more alumni reunions at the School.

Gifts may be made by check or credit card, or as a pledge payable over the course of the School year. Donations can also be given through any other [Giving Program](#).

At Maharishi School, the foundation of our college preparatory program is optimal alertness. You could have the most ideal school imaginable—best teachers, best facilities, best curriculum, and technology—but if students enter the classroom stressed, fatigued, or distracted, how much can be gained?

What if there were a way to optimize students' alertness? Every aspect of school life would be enhanced: assimilating and retaining knowledge, social and emotional development, physical health, and well-being.

That is why at Maharishi School we invest in the rest of a special kind. Our students and teachers take time to transcend twice a day, with the practice of yoga and Transcendental Meditation. This allows them to gain deep rest and dissolve stress before it accumulates. It improves brain functioning. In a world of nearly

incessant outer stimuli, it gives them a respite of inner silence, a connection with their own individual true self.
